Technical Data Sheet

Polimask ALFA/Silicone

Order no.: 466 627

Product designation:

Half Mask Polimask ALFA/Silicone

In connection with respiratory filter (standard thread DIN EN 148-1 and weight of filter <300 g) as filtering device, in connection with powered filtering device as filtering device, in connection with compressed air line device as breathing apparatus. Use filter >300g only in connection with Filter carrying device S/03016. The scope of protection is determines by the product information, technical standards and valid application rules.

DESCRIPTION

- · Adaptability to any kind of face with a good sealing ability
- · Anatomically shaped mask body made of high-quality silicone, which is particularly kind to the skin
- · Low breathing resistance
- Compatible with the use of glasses and goggles
- Easy donning and doffing
- · Easy maintenance, washing and disinfection

I MAIN FEATURES

Faceblank made of high-quality Silicone

Large internal sealing flap that allows a perfect adaptability to the face and an excellent seal

Comfortable innovative 4-point harness ensures optimal weight distribution and quick donning of the half mask

Threaded connector conforming with European EN 148/1 standard. For use with one filter series DIRIN 230

I PERFORMANCES

Comfort

Ergonomics

Sturdiness

Easy maintenance

I APPLICATION FIELDS

Industry

Hospital

MATERIALS

· Faceblank: Silicone

· Fastener for head harness: Plastc (ABS)

• Harness: Textile elastic band / Polypropylene (PP)

Inhalation valve: RubberExhalation valve: Rubber

• Exhalation valve fit: Plastic (ABS)

Connector: Polypropylene (PP)

MARKING

- Trade mark of manufacturer (LOGO)
- · Product designation
- · Applied standard
- · Manufacture year and -month
- CE-Identification
- · Notified body
- · Type identifying marking

DONNING AND USING

- Take the Half mask from the Packing and/or Storage container directly before use
- · Use the Half mask in accordance with the information brochure

STORAGE

- · Ambient temperature. Protect against cold, heat and humidity
- · Consider conditions noted on the packaging

CERTIFICATIONS

- · The mask is certified according to EN 140
- · For use with particle, gas and combined filter of the series DIRIN 230
- · Certified according to European Regulation (EU) 2016/425
